Midwest Environmental Consulting, LLC

Dear Greg,

THANK YOU SO MUCH for your prompt service! The help you and your assistant gave us, both over the phone and in person, was outstanding. We truly appreciate your thorough explanations, availability, willingness to complete the assessment so quickly, prompt issuance of your report, and recommendations. Last Thursday [REDACTED] completed the work; we will also give them very similar thanks. The builder just called; demolition is set for this Thursday. Exciting! We thank you for your part in reaching this milestone in the nick of time before winter.

When I told my husband, [REDACTED], and son, [REDACTED], about our conversation, it was a "small world" as they both knew you and gave you high praise. They enjoyed having you as a customer years ago here at [REDACTED] and miss you. [REDACTED] was our service advisor at the time; he has since returned to his true calling, construction, and is working for a home builder in the north metro.

Sincerely,

[REDACTED] Carol
